History of Gorgona

Gorgona was built in 1958 and was originally used as a cargo ship. In 2007, the ship was purchased by the Curacao Tourist Board and was converted into an artificial reef. The ship was sunk on June 27, 2012, and now rests on the sea floor at a depth of approximately 60 feet (18 meters).

The Hard Elastic Consistency of Gorgona

One of the most unique features of Gorgona is its hard elastic consistency. This consistency is due to the fact that the ship was made of a special type of steel that is resistant to corrosion. The hard elastic consistency of Gorgona makes it a popular dive site, as it is easy to explore and navigate.

Marine Life at Gorgona

Gorgona is home to a variety of marine life, including coral, fish, and sea turtles. The coral reef that has grown on the ship is home to a variety of fish, including parrotfish, angelfish, and damselfish. The ship is also home to a number of sea turtles, which can often be seen swimming around the wreck.

Scuba Diving at Gorgona

Gorgona is a popular dive site for both experienced and beginner divers. The ship is relatively easy to explore, and the hard elastic consistency of the ship makes it easy to navigate. The marine life at Gorgona is also very diverse, making it a great place to see a variety of underwater creatures.

Snorkeling at Gorgona

Gorgona is also a popular snorkeling spot. The shallow waters around the ship make it easy to snorkel, and the marine life is just as diverse as it is for scuba divers. Snorkelers can see a variety of coral, fish, and sea turtles.

How to Get to Gorgona

Gorgona is located approximately 3 miles (5 kilometers) off the coast of Curacao. The ship can be reached by boat from the island's capital, Willemstad. There are a number of tour operators that offer boat trips to Gorgona.

Tips for Diving or Snorkeling at Gorgona

* Be sure to bring your own snorkel gear, as it is not available for rent at the dive site. * The current at Gorgona can be strong, so be sure to be aware of your surroundings and to swim with a buddy. * The water at Gorgona is generally clear, but visibility can vary depending on the weather conditions.

* Be sure to take your time and explore the entire wreck. There is a lot to see, and you don't want to miss anything.

Gorgona is a unique and fascinating dive site. The ship's hard elastic consistency makes it easy to explore, and the marine life is diverse and abundant. Whether you are a scuba diver or a snorkeler, Gorgona is a great place to experience the underwater world of Curacao.
