Step-by-Step Guide

Step 1: Prepare the Canvas

Cut a piece of white tissue plastic canvas to a size that fits your desired frame.

Step 2: Start Stitching the Hearts

Using red thread, follow the pattern to embroider the outlined hearts. Start from the center of the heart and work your way out, securing each stitch with a knot.

Step 3: Embroider the Flowers

Switch to the desired thread colors (blue and green) and stitch the leaves and stems of the flowers according to the pattern. Then, using yellow thread, embroider the flower petals.

Step 4: Add the Lacework

Using white thread, stitch the lacework around the hearts and flowers. This will create a delicate and ornate border, enhancing the overall design.

Step 5: Embroider the Geometric Motifs

Use white thread to embroider the geometric motifs, adding a touch of contemporary flair to the pattern.
