A Historical Tapestry: Tracing the Origins of Cross Stitch

The origins of cross stitch can be traced back to ancient civilizations, with evidence suggesting its practice in Egypt, China, and Persia. However, it was during the Middle Ages in Europe that counted cross stitch truly flourished. Monks and nuns painstakingly stitched religious scenes and motifs onto church vestments and tapestries, creating breathtaking works of art that adorned cathedrals and monasteries.

The precision required in counted cross stitch demands a steady hand, a keen eye, and an abundance of patience.
